Subject: RE: For Review: Remarks regarding Ethanol/RFS Waiver for E15

From EPA:

On the CPP we are cancelling the CPP. Specifically It's stayed by the Supreme Court, we've proposed its withdrawal, and proposed the replacement, everything else right now is just being Administrative Procedures Act compliant to get that finally all finished.

Our shop has suggested the word "enable" higher blends instead of "allow" because we already allow higher blends through some waivers, but enable is the permanent policy decision we are proposing.

Finally, should we not simply say, "I have directed the EPA to initiate a rulemaking to enable higher blends of ethanol. This means year-round sales of E-15." This is simply because E15 year round is what we are specifically doing in the memo.

Thanks for the opportunity to make suggestions.

Ryan.
